MEMORANDUM FOR THE RECORD

SUBJECT: Discussion of Ervin Bill (S. 782) with  
Senator John L. McClellan (D., Ark.)

During his visit to the Agency on Saturday, 1 March 1969, Senator John L. McClellan expressed interest in the Agency's personnel security problems, and in this context he was told briefly of our concern over some of the provisions of the Ervin bill. We did not brief the Senator in detail on this problem, but his questions and comments left no doubt that he appreciates the special problems of the Agency in this regard. As the ranking majority member, after Chairman Eastland, of the Judiciary Committee, Senator McClellan might be helpful to us if called upon.
